## <u>AMENDMENTS</u>

## Amendments to the claims

- 1. (Currently Amended) A method of treating or preventing reducing cell death in a warm-blooded animal, comprising administering to said animal a therapeutically effective amount of a peptide comprising the amino acid sequence Val-Asp-Val such that cell death is reduced ameliorated.
- 2. (Original) The method of claim 1, wherein said peptide comprises a sequence selected from the group consisting of SEQ ID NO: 1, SEQ ID NO: 2, SEQ ID NO: 3, SEQ ID NO: 4, SEQ ID NO: 5, SEQ ID NO: 6, SEQ ID NO: 7, and SEQ ID NO: 8.
- 3. (Original) The method of claim 2, wherein said peptide has a sequence selected from the group consisting of SEQ ID NO: 1, SEQ ID NO: 2, SEQ ID NO: 3, SEQ ID NO: 4, SEQ ID NO: 5, SEQ ID NO: 6, SEQ ID NO: 7, and SEQ ID NO: 8.
  - 4. (Original) The method of claim 1, wherein said peptide is a cyclic peptide.
- 5. (Original) The method of claim 1, wherein said peptide contains one or more D amino acids.
  - 6. (Original) The method of claim 1, wherein said peptide is further conjugated

to one or more polypeptides.

- 7. (Original) The method of claim 1, wherein said peptide is conjugated to a non-peptide moiety.
- 8. (Original) The method of claim 7, wherein said non-peptide moiety is a sugar.
- 9. (Original) The method of claim 1, wherein said peptide further comprises an end group cap.
- 10. (Original) The method of claim 9, wherein said end group cap is an ester or an amide.
  - 11. (Cancelled)
- 12. (Original) The method of claim 1, wherein said cell death is associated with a a neurodegenerative disorder, cardiovascular disease, an immune disease, a neoplastic disorder, an inflammatory disorder, or a viral disease.
  - 13-18. (Cancelled)

19. (Original) The method of claim 18, wherein said cardiovascular disease is a heart attack, stroke, an acute coronary syndrome, heart failure, or hypertensive cardiovascular disease.

20-23. (Cancelled)

- 24. (New) The method of claim 1, wherein said warm-blooded animal is a human.
- 25. (New) The method of claim 2, wherein said warm-blooded animal is a human.
- 26. (New) The method of claim 3, wherein said warm-blooded animal is a human.
- 27. (New) The method of claim 19, wherein said warm-blooded animal is a human.
